

GRK GS2 MOD NOB EDITION

The Nobuteru Taniguchi signature model is finally on sale!

DR GRK has released the "GRK GS2 MOD NOB EDITION," named after racing driver and GRK ambassador Nobuteru Taniguchi. It features a newly developed aluminum nose cone and aluminum front and rear damper stays, and the carbon chassis has evolved to a dedicated shape compatible with the GRK-R motor mount unit. A vibrant blue is used as an accent color, and Taniguchi's nickname, "NOB," is incorporated into the logo and placed throughout, creating a sense of exclusivity. In terms of driving performance, traction has been improved through a revised motor position and lower center of gravity, allowing for more dynamic drift driving.

Price: **¥59,400**
(tax included)

EVO·MOD CHALLENGE

EVO·MOD CHALLENGE held for the first time

The EVO·MOD CHALLENGE, a new category for the GRK GS2 EVO and GRK GS2 MOD, GRK's standard line, kicked off on April 5th at the G Circuit in Kanagawa Prefecture. With the top four finishers in the tandem battles earning the right to participate in the GRK Ultimate Championship, the competition was intense. The remaining three races are sure to be exciting.
